

Pastoral Care 2025

The Pastoral Care Team continues to play an important role in supporting our school community. Throughout the year, the team has been there for families when extra care and support has been needed.

Support has included providing meals, baking, and small acts of kindness during both difficult and joyful times. Over the past year, around 30-40 meals were delivered to families, which made a real difference during times when a little extra help was needed.

We are very lucky to have such a wonderful group of parents who are always willing to help. They are incredibly reliable and often step in at short notice when support is needed.

A huge thank you to the families who help make this possible:

Teusse Family, Phillips Family, Mallon Family, Hassed Family, Hakaraia Family, Jones Family, Peters Family, McPhee Family, McGuinness Family, Tuckwell Family, McPhee (A & S) Family, Petagna Family, Colucci Family, Holden Family, and Lim Family.

Looking ahead, we would like to place a greater focus on acknowledging important moments in our families' lives. This includes making sure we send sympathy cards to families experiencing a loss, as well as celebrating the arrival of new babies in our school community.

I will also continue to advertise for volunteers throughout the year, which seems to be working well and helps ensure we can respond when support is needed.

The Pastoral Care Team is a special part of our school and reflects the caring nature of our community, ensuring our families feel supported and looked after.
